

The Federal Bonding Program
A US Department of Labor Initiative

Since 1966
A Unique Job Placement Tool
for the At-Risk Job Seeker

*** What is the Federal Bonding Program?**

It is a program designed to help a job applicant get and keep a job. The program issues Fidelity Bonds, and is sponsored by the U. S. Department of Labor.

*** What is a Fidelity Bond?**

It is a business insurance policy that protects the employer in case of any loss of money or property due to employee dishonesty. It is like a “guarantee” to the employer that the person hired will be an honest worker.

*** How does the bond help someone get a job?**

The bond is given to the employer, free-of-charge, and serves as an incentive to the employer to hire the job applicant who has a “risk” factor in their personal background. The employer is then able to get the worker’s skills without any risk of worker dishonesty on the job.

*** Who does the program help?**

Bond coverage is provided to any person whose background may lead employers to question their honesty and deny them a job.
