PRESS RELEASE

For Immediate Release
January 26, 2015

Construction Companies Needed to Participate in Hiring Event

Las Vegas, NV —The Department of Employment, Training and Rehabilitation (DETR) and Nevada JobConnect, in conjunction with Workforce Connections are seeking construction companies to participate in a construction hiring event March 3, 2015 at Cashman Center in Las Vegas.

The goal of the event is to help employers who are having difficulty finding experienced tradespeople now that the economy is improving and they are hiring again, said Don Soderberg, DETR director.

“We are hearing from some construction companies that there is a shortage of workers, as many left the state in the wake of the recession,” Soderberg said. “DETR, JobConnect and Workforce Connections are extremely committed to addressing the workforce needs of Nevada’s employers and to helping jobseekers achieve their career goals. This hiring event is in response to a specific need in our state.”

Hundreds of jobseekers are expected to turn out to the event, which will offer on-site interviews and provide information about apprenticeship programs.

The construction industry was the hardest hit during the recession, losing close to 100,000 jobs. However, the construction industry is on the mend and is projected to add 6,700 jobs in 2014, with an additional 7,700 jobs in 2015, 8,600 jobs in 2016 and 9,800 jobs in 2017.

“This is a great opportunity for construction companies to access a large pool of candidates with a variety of skills,” Soderberg said. “Additionally, this provides jobseekers the chance to meet with employers to learn more about the skills they are looking for. Nevada JobConnect and Workforce Connections offer access to a number of training programs that will assist workers interested in pursuing careers in construction.”

Employers who are interested in participating in the hiring event may email Mae Worthey at wmworthey@nvdeetr.org or call (702) 486-7991.

DETR is comprised of the Employment Security Division, Equal Rights Commission, Rehabilitation Division, and the Research and Analysis Bureau. DETR works in partnership with the Nevada JobConnect System to provide training and job placement services to job seekers and to assist employers in hiring practices. It also supports economic development efforts through improving Nevada’s workforce.
