PRESS RELEASE

For Immediate Release
May 11, 2015

Nevada JobConnect To Host Manufacturing Job Fair in Northern Nevada

Reno, NV —The Nevada JobConnect will hold a Job Fair for those looking for a job in the manufacturing industry on Wednesday, May 13, 2015 from 10 a.m. to 2 p.m. at the Reno Town Mall at 4001 S. Virginia St., Reno.

As Nevada continues to recover from the recession, employers are steadily adding jobs to the economy, creating more opportunities for jobseekers, said Renee Olson, administrator for Nevada’s Department of Employment, Training and Rehabilitation’s Employment Security Division, which oversees Nevada JobConnect.

The manufacturing sector is expected to see 1,100 additional jobs in 2015, with a projected gain of 1,700 in 2016 and 2,300 more in 2017.

“We are pleased that more job opportunities are available to our jobseekers who are still looking for work,” Olson said. “This job fair is a partnership between Nevada JobConnect and the manufacturing business community. Hosting this event keeps with our mission to provide quality employment services to Nevada’s citizens as well as the state’s many businesses.”

Jobseekers are encouraged to arrive early, dress professionally, and bring plenty of resumes. Some of the jobs for which these employers are seeking to hire include: machine operators, welders, team assemblers, production workers, production and operation management, operations managers, inspectors, testers and sorters, welders cutters, solderers, braziers and support staff as well as other positions.

Participating Employers include:

Advanced Composite Tech.
American Building Co.
