PRESS RELEASE

For Immediate Release
March 16, 2015

Unemployment Insurance Claims Filing Website Back Online

Carson City, NV —The Department of Employment, Training and Rehabilitation (DETR) is encouraging claimants to use the website <http://ui.nv.gov> to file their weekly unemployment insurance claims rather than call the telephone claims center.

Over the weekend, the website portal began experiencing technical difficulties, however the problem has been resolved and the website is fully functional, said Renee Olson, administrator for DETR's Employment Security Division.

“We understand that even a brief interruption of our claims system can cause an inconvenience to our customers,” Olson said. “We would like to assure our claimants that we have done everything possible to resolve the issue so that they may proceed with filing their claims. We encourage claimants to utilize the website, rather than call the claims center as internet filing is faster and more convenient. Internet filing is available 24 hours a day, except for during scheduled maintenance.”

DETR is comprised of the Employment Security Division, Equal Rights Commission, Rehabilitation Division, and the Research and Analysis Bureau. DETR works in partnership with the Nevada JobConnect System to provide training and job placement services to job seekers and to assist employers in hiring practices. It also supports economic development efforts through improving Nevada's workforce.
