---

The following shall be a part of **RFP No. PY09AUG** for **Specialized Workforce Transformation Training Projects**. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

---

**Questions and Answers to the RFP.**

1. What is the RFP number of the proposal?

**The RFP number is PY09AUG.**

2. In the redacted proposal submitted for public record, what information should be redacted?

**The redacted copy of the Request for Proposal response should exclude anything that may be considered proprietary or not for public viewing. Typically, this type of information is company financial and/or insurance records.**

3. In the event that a long-standing Henderson organization has changed owners within the past 3 years, what is standard protocol? Does the organization need to submit their current tax code, or their previous tax code and their current tax code?

**The new owners must submit their current unemployment tax information.**

4. I was wondering how the program felt about online self paced training. I believe it is eligible to be put in the application and it is essentially what we would be looking to give employees and would like to apply for the grant. However, do you rate applications that have online training as a lower priority then those which have instructor led training?

**Online training is not one of the items rated during the Request for Proposal review phase. Respondents should keep in mind the reporting requirements and goals of the RFP when choosing the type of training proposed.**

**ALL ELSE REMAINS THE SAME.**
