**UNASSIGNED COMMISSIONS FOR LOANS AND SUBSIDIES (INTERIM)**

The Bureau of Services to the Blind and Visually Impaired (BSBVI) will enter into contractual agreements with private vending companies for the operation of vending machines (not assigned to a specific Operator) in public and or private buildings to provide a mechanism for additional revenue collection. These revenues are used for licensed blind operators operating vending facilities to provide:

start-up loans

business expansion loans

income subsidies while a vending facility is being developed, restored or remodeled.

income subsidies to mitigate the impact of reduced sales on net profit

Loans are made against the cumulative amount of commissions collected. Business Enterprises of Nevada (BEN) staff will monitor receipt of commissions, and the use of revenue for loans and subsidies.
